BRATTLEBORO LODGE 25 YEARS OLD

Notable Celebration in Masonic Hall Tuesday Evening—Past Master's Jewel Presented to William H. Vinton, the Lodge's First Worshipful Master

Proud and happy, rejoicing in its strength and prosperity, Brattleboro lodge, No. 102, A. F. & A. M., looked backward Tuesday evening, 25 years of its existence and with feasting, music, speech making and general jubilation celebrated the anniversary. A notable feature of the occasion was the presentation to William H. Vinton, the "father of the lodge," of a fine gold past master's jewel.

Supper tables decorated with carnations and other flowers occupied the entire space in the dining room and the main hall. Between the two rooms was the table of honor at which were seated

ized a lodge at a subsequent meeting and appointed the following: Henry D. Holton, treasurer; J. L. Simonds, secretary; A. B. Clark, S. S.; C. R. Stevens, D. D.; A. Abbott, S. S.; F. A. Whitney, J. S.; A. V. Cox, Tyler; Edward Clark, marshal; D. Leonard, chaplain; W. H. Taft, musical director.

If all the members attended the meetings it would leave only three brothers present not in the chairs, namely George E. Greene, E. Holyday, and Mr. Vinton. I am afraid that our officers today would feel discouraged if they had only three members to draw on for an audience. But this condition did not last long, for on December 27, 1880, we find that the petitions for membership were received of David A. Young, E. C. Sherwin, E. C. Crouch, B. B. Root, W. H. Vinton, P. F. Connors and Horace Allen. The names were all voted in, in January, 1881, and the petitions were coming in rapidly after that, and on the 7th of February, 1881, the first degree work was done, David A. Young and E. C. Crouch were regularly initiated. After this the first or second degree was conferred nearly every week, sometimes with several candidates, and on May 2d E. A. Sherwin was the first to take the third degree, and within the next four weeks D. Young, Mr. V. D. Gilson, both of whom are past masters, had taken the third degree.

At this point it seems proper to again mention the name of W. H. Vinton, a brother whom Brattleboro Masons delight to honor. As our first master, in 18 months from May 2, 1881, to April 20, 1882, he ruled 21 candidates to the sublime degree of a Master Mason. This record eclipses any year that has followed in Brattleboro lodge, and is a record any master may well be proud of.

Our charter bears the date of June 6, 1881, and is signed by G. M. Butler, and Brattleboro lodge, No. 102, was constituted July 27, 1881, by P. G. M. M. M. Root, and the officers were installed on that date.

Another man who helped very materially in our lodge when in its infancy is Dr. Henry D. Holton, who was our treasurer for 13 years, and although the young members may never have seen him in the lodge rooms here this evening, he in the earlier years of our history his name appears frequently upon the records, and at times when our treasury was short of funds Dr. Holton by his timely counsel and advice, helped us to devise ways which allowed us to travel rags and financial distress with comparative ease. There are many other brothers' names that I might mention who have done a great work for us, but the list is too long to mention them all, so will have to stop with these two.

Of the 16 original charter members only 10 are alive today, the others have been called to the supreme grand lodge above, where the Grand Architect of the Universe presides. These 16 men making the start 25 years ago, by their labor and wise counsel, have laid the foundation of what is now one of the strong lodges of the state. Let it be an inspiration for our younger members to work with the same diligence and earnestness as our fathers.

There is a chance for all of us to take the helm and work out another project, one that interests us all, and we should interest every Mason in Brattleboro, whether he belongs to this lodge, Columbian lodge or the higher bodies. We can call our own. Perhaps the best we have a place in this anniversary celebration, but I am going to steal a minute and say about it, for you are all interested and I am somewhat enthusiastic about this particular institution, as it seems to me that the time is ripe to begin to build a new temple.

Only a short time ago we started the Masonic building association, and the contributions from the four Masonic bodies in the town have been most generous. We have now over \$1200, a fact which is a source of joy to many of us. This fund is growing each year, with the additions given it by historical societies, and the fact that we have a place in this anniversary celebration, but I am going to steal a minute and say about it, for you are all interested and I am somewhat enthusiastic about this particular institution, as it seems to me that the time is ripe to begin to build a new temple.

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.
